St Helena

Montgomery Infants November 2024

We are excited that The Creation Station will be running after school Create Clubs to Montgomery infants for the rest Autumn Term 2024. We will be offering arts and crafts sessions on Fridays after school in the Junior school.

The Creation Station's hands-on art and craft exploration sessions give even very young children the chance to safely experiment with a wide range of materials, tools and ideas.

Our aim is to inspire children's imaginations through our specially designed art and craft activities and products. As well as being terrific fun for children, the sessions encourage positive interactions and development of social skills through practical creative play. Creating their own piece of art each week also helps develop a child's thinking and creative skills.

From educational benefits to wellbeing, our fun-based arts and craft activities are guaranteed to unleash the wonder within with an added extra sparkle.

The sessions will cost £7.50 per week and will be payable at the beginning of each half term. 100% of the money made from these sessions will go to funding the important work that is carried out by St Helena Hospice charity which helps local people facing incurable illness and bereavement.

Book a space for your child for the rest of half term using the link below.
